SUMMARY

Full-Stack Software Engineer with **5+ years** of experience building scalable SaaS and multi-tenant applications. Expert in **NestJS**, **Laravel**, **AWS**, and modern DevOps. Published researcher with **Best Paper Award** at ICCIT-2021.

EXPERIENCE

- Software Engineer | Cloudly Infotech Ltd.** Feb 2022 - Present
 - ◆ Instacircle - Community Management Platform**
 - Architected **multi-tenant SaaS** platform with cloud-native infrastructure
 - Designed APIs achieving **sub-200ms** response; implemented CI/CD reducing deploys by **70%**
 - Built cross-platform mobile app; integrated Stripe, Twilio, Firebase

NestJS TypeScript PostgreSQL Redis React Native AWS
 - ◆ JEXCA - Alumni Management System**
 - Built secure e-voting system & RBAC; deployed on AWS with **99.9%** uptime

Laravel MySQL jQuery AWS
 - ◆ Laneway - Education Management System**
 - Developed enrollment & billing system, reducing manual processing by **60%**

Laravel MySQL Bootstrap AWS S3
- Software Engineer | Remote** Jan 2021 - Present
 - ◆ BKMEA - Garment Industry Management System**
 - Developed comprehensive management platform for Bangladesh Knitwear Manufacturers & Exporters Association
 - Built member registration, compliance tracking, and reporting modules

Laravel PHP MySQL Bootstrap jQuery
 - ◆ Food Shop - Online Food Ordering Platform**
 - Built full-stack e-commerce platform with real-time order tracking and payment integration

React Node.js MongoDB Stripe
 - ◆ Nizeia - Threat Management System**
 - Designed and built threat monitoring and incident management system with role-based dashboards

NestJS TypeScript PostgreSQL React
- Junior Software Engineer | Logic Infotech Ltd.** Sep 2020 - Feb 2022
 - ◆ Hospital Management System**
 - Built modules for **multi-hospital network**; integrated pathology & radiology APIs

Laravel Oracle jQuery Bootstrap
 - ◆ Document Management System**
 - Developed secure file management with role-based permissions & directory sync

Laravel Vue.js MySQL

KEY ACHIEVEMENTS

Multi-tenant SaaS
Thousands of daily API requests

70% Faster Deploys
Docker, K8s & CI/CD

20+ Projects
Contributions & integrations

Award-Winning
Best Paper at ICCIT-2021
