CORE SKILLS

Backend

- Node.js
- NestJS
- Laravel
- PHP

Frontend

- React
- Next.js
- TypeScript

Database

- PostgreSQL
- MySQL
- MongoDB

- Redis

Cloud & DevOps

- AWS
- Docker
- K8s
- CI/CD

Integrations

- Stripe
- Twilio
- Firebase

EDUCATION

B.Sc. in Computer Science & Engineering

Pabna University of Science & Technology,
Bangladesh

Passing Year: 2020

CGPA: 3.61 out of 4.00

PUBLICATION

Hybrid Feature Vector Space-Based Ensemble Machine Learning Approach For Sentiment Analysis

ICCIT-2021, Bangladesh

Dr. Fatema Rashid Best Paper Award, 2021

LANGUAGES

Bengali

English

PROFILE

Full-Stack Software Engineer with **5+ years** of experience building scalable SaaS and multi-tenant applications. Expert in **NestJS**, **Laravel**, **AWS**, and modern DevOps. Published researcher with **Best Paper Award** at ICCIT-2021.

EXPERIENCE

Software Engineer [Cloudly Infotech Ltd.](#)

Feb 2022 - Present

> Instacircle - Community Management Platform

- Architected **multi-tenant SaaS** platform with cloud-native infrastructure
- Designed APIs achieving **sub-200ms** response; implemented CI/CD reducing deploys by **70%**
- Built cross-platform mobile app; integrated Stripe, Twilio, Firebase

[NestJS](#) [TypeScript](#) [PostgreSQL](#) [Redis](#) [React Native](#) [AWS](#)

> JEXCA - Alumni Management System

- Built secure e-voting system & RBAC; deployed on AWS with **99.9%** uptime

[Laravel](#) [MySQL](#) [jQuery](#) [AWS](#)

> Laneway - Education Management System

- Developed enrollment & billing system, reducing manual processing by **60%**

[Laravel](#) [MySQL](#) [Bootstrap](#) [AWS S3](#)

Software Engineer [Remote](#)

Jan 2021 - Present

> BKMEA - Garment Industry Management System

- Developed management platform for Bangladesh Knitwear Manufacturers & Exporters Association
- Built member registration, compliance tracking, and reporting modules

[Laravel](#) [PHP](#) [MySQL](#) [Bootstrap](#) [jQuery](#)

> Food Shop - Online Food Ordering Platform

- Built full-stack e-commerce platform with real-time order tracking and payment integration

[React](#) [Node.js](#) [MongoDB](#) [Stripe](#)

> Nizeia - Threat Management System

- Designed threat monitoring and incident management system with role-based dashboards

[NestJS](#) [TypeScript](#) [PostgreSQL](#) [React](#)

Junior Software Engineer [Logic Infotech Ltd.](#)

Sep 2020 - Feb 2022

> Hospital Management System

- Built modules for **multi-hospital network**; integrated pathology & radiology APIs

[Laravel](#) [Oracle](#) [jQuery](#) [Bootstrap](#)

> Document Management System

- Developed secure file management with role-based permissions & directory sync

[Laravel](#) [Vue.js](#) [MySQL](#)

KEY ACHIEVEMENTS

Multi-tenant SaaS - Thousands of daily API requests

70% Faster Deploys - Docker, K8s & CI/CD

Award-Winning - Best Paper at ICCIT-2021

10+ Integrations - Payments & notifications
